Governor Mike DeWine  
77 S. High Street, 30th Floor  
Columbus, Ohio 43215

cc: Lieutenant Governor Jon Husted  
Dr. Amy Acton, Department of Health  
Director Matt Damschroder, Department of Administrative Services  
Ervan Rodgers, Department of Administrative Services / OIT  
Mike Duffey, Innovate Ohio  
J.P. Nauseef, JobsOhio

Governor DeWine,

The Ohio IT Association (OITA) and its member companies and organizations stand ready to support the State of Ohio in the battle against COVID-19 as well as the state's eventual economic and social recovery.

If you or the administration need assistance from our association and members, **please know that we support your mission to overcome this virus and are willing to help in any way that we can with our members' tools and talents through technology.**

The OITA is an independent, non-partisan organization serving as the voice for the technology community in the State of Ohio. Our members include some of the largest multi-national technology companies and consultants as well as smaller, Ohio-based organizations.

We all know the vital role technology has in our daily lives and the even greater reliance our citizens now have on different services under these unique circumstances. We are doing our part to help Ohioans with the resources they need to work from home, provide educational opportunities for school children, and keep businesses running.

**As you continue to face these challenges, please consider our association and its members as a resource for information, communication, guidance, and support.**

Thank you for all that you, Lt. Gov. Husted, Dr. Acton and the rest of your administration is doing to protect us.

Nicholas C. York

President
